### Russian Statement

### Austrian Statement

PETROGRAD, Dec. 30.—The following official statement was issued from general headquarters today:

"Along the whole front of the armies operating on the left bank of the Vistula there has been a full except in the region of Belimow, Kowlodz and south of Malogosse where fierce fighting persists.

"Taking the offensive from Belimow the Germans, under a very intense fire from our guns, made an assault on Hourgade, Borimow and our trenches near Goumine (Gombin) but our troops by an impetuous counter-attack slaughtered with their bayonets all of the enemy with the exception of a few who were made prisoners.

"In this engagement we captured German machine guns and inflicted enormous losses on the enemy who brought into action successively in this region regiments from divers army corps.

"Near Kowlodz our troops took possession of German trenches south of Ponsade, which they entered after determined fighting.

"South of Malogosse, an attack which the enemy delivered after a lengthy cannonading was repulsed by our artillery. Near the village of Bokhietz the enemy captured our entrenched position, but was dislodged and overthrown by our counter-attack.

"In west Galicia our troops are advancing victoriously. East of Zakluczyn we stormed several fortified works of the enemy, making prisoners of 44 officers and 1,500 soldiers and capturing eight machine guns.

"Southwest of Bukla our troops dislodged the Austrians from positions which they had strongly organized. They fled in a panic.

"We have repulsed counter-attacks by the enemy in the Carpathians at Zakack pass and also new sorties by the Przemysl garrison."

### ALL ALCOHOLIC DRINKS UNDER BAN IN RUSSIA

LONDON, Dec. 30.—A Russian decree was issued prohibiting the sale of vodka, and other spirituous liquors throughout Russia. Traffic in alcoholic drinks, such as beer and light wine, however, has been permitted hitherto.

Early in the war an imperial decree was issued prohibiting the sale of vodka and other spirituous liquors throughout Russia. Traffic in alcoholic drinks, such as beer and light wine, however, has been permitted hitherto.

## AGRICULTURE RECOGNIZED BY SCIENCE ASSOCIATION

For First Time in 66 Years American Society Considers This Branch of Work

PHILADELPHIA, Dec. 30.—Agriculture, its ever-increasing importance, and its basis in science, were recognized by the members of the American Association for the Advancement of Science today, when a separate section for the first time in the 66 years of the association's history began its work of considering topics related to that science.

Dr. Charles W. Eliot, president emeritus of Harvard, the president of the association, in introducing Prof. L. H. Bailey of Cornell as vice president for the newly created section, declared that America has fallen far behind other countries in agricultural methods and results. "Many reforms are needed in the teaching of agriculture, and more time should be devoted to the teaching of natural science in the schools," he said.

"Our race cannot endure urban life and the factory system, and the country-life department is one of the greatest of present-day humanitarian movements."

Dr. Bailey said, in part: "Agriculture is our bottom industry. As we organize its affairs, so to a great degree shall we secure the results in society in general. "Society lies between two dangers—the danger of monopoly and the danger of bureaucracy. On the one side is the control of the necessities of life by commercial organizations. On the other side is the control of the necessities of life, and even of life itself, by entrenched groups that ostensibly represent the people and whom it may be impossible to dislodge. Both are evil. Of the two, monopoly is the lesser; it may be more easily brought under control; it is more progressive; it is less hateful. I am convinced that there are people who will prize themselves on escape from monopoly who are nevertheless suffering from the most deleterious and damaging bureaucracy."

## FIRST COTTON SHIPMENT TO GERMANY AT ROTTERDAM

THE HAGUE, Dec. 30.—The American steamer A. A. Raven, which arrived at Rotterdam December 21 from Wilmington, N. C., with 8,000 bales of cotton, was the first vessel since the outbreak of the war to reach a Dutch port with a cotton consignment for Germany.

The steamer was held up in the English channel by British warships for an examination of her papers, which delayed her 24 hours.

The freight charges for the Raven's cargo were \$10 per bale, which is five times the normal rate. This increase was due to the great war risks attending shipments destined for Germany.

Since the war started the German imports of cotton are said to have amounted to some 100,000 bales, most of it coming by way of Copenhagen, Sweden, a high port is vessels are now steaming.

### GERMANS INTEND TO CLOSE BELGIAN BORDERS JAN. 1

ROTTERDAM, Dec. 30, via London, Dec. 31.—Thursday, 12:10 a. m.—Communication January 1, the German administration in Belgium intends to close the Belgian borders toward all corners. No passports will be issued or recognized, except the special military pass.

## UTILITIES BUREAU FOR ALL CITIES ORGANIZED

PHILADELPHIA, Dec. 30.—The utilities bureau, through which it is proposed that municipalities throughout the country may cooperate in exchanging data concerning rates, service standards and cost factors in public utilities, was permanently organized here today.

Charles R. Van Hise, president of the University of Wisconsin, was elected president and Morris L. Cook, director of the department of public works at Philadelphia, was made acting director of the bureau. The organization is to be financed by private subscription.

### WOMAN SAID TO HAVE LEFT BABY; HELD HERE

At the request of the sheriff's office in Boulder county, the police last night arrested Mrs. Fannie Gray, who is charged with deserting her two-week-old baby. The woman was taken off to Santa Fe prison, being on route to Texas, according to the police. She will be held here pending the arrival of officers from Boulder.

## PLAN WAYS TO STOP SEARCH ON HIGH SEAS

(Continued From Page One)

The American government has thought it advisable, nevertheless, to issue a warning that one fraudulent shipment must produce embarrassment to citizens generally.

Secretary Bryan, discussing the note with callers today, declined to give any details. He described it as a general statement summarizing the American position in several specific cases. Those neutral diplomats who called to ask about the note were not given a copy of it, but were informed that the first newspaper report of it was accurate. They were told that the state department probably would not deliver the text of the communication to foreign governments generally, as it still regarded the note as confidential, the American government itself having not authorized its publication in part or in whole.

The points of the note. The general points on which the note complains, and which have been the basis of several specific protests hitherto, are substantially as follows:

"American cargoes have been searched on the high seas—a heinous right that is not denied—but the ships also have been diverted to ports for further examination, a circumstance held not justified under international law unless full proof of hostile destination is presented at the time. Serious loss, especially to perishable goods, has resulted from such delays in a ship's voyage.

"Great Britain has regarded absolute and conditional contraband as in the same class. The general understanding in international law has been that absolute contraband includes those articles which are intended for use by a belligerent force and directly adapted to it. Conditional contraband, including foodstuffs, is susceptible for use by an army or navy, but it must be proved that, instead of being intended for the civil population of a country, these commodities are destined for use by its army and navy.

"Irrespective of the controversy over what constitutes absolute or conditional contraband, in the commerce between a neutral and a belligerent country, the note sets forth that in respect to commodities there ought to be no question of contraband at all for the relations are those of peace and not of war. Since the civil war the United States has upheld the doctrine of 'continuous voyage,' which permitted seizure of a cargo even in its journey between neutral ports, provided eventually it was destined for a belligerent. The American note, however, takes the position that proof of such hostile destination must be shown at the time of seizure.

"The American government contends that a consignment sent to no specific consignment, known as a 'free' shipment, is not of itself suspicious. It claims that this may be an important circumstance in proving a case, but is of no inherent value unless other facts are adduced also at the time of detention or seizure.

### Cabinet Discusses Note

LONDON, Dec. 30.—The British cabinet held a special session this afternoon to consider the American government's note concerning the delay to American shipping caused by the searching of vessels by the British fleet. The note reached the foreign office yesterday. The subject of American shipping continues to monopolize interest here.

It is not expected a reply to the note will be ready for several days. It is pointed out that a statement which it took weeks to draft hardly could be digested by the cabinet at one meeting. From Sir Edward Grey, the British foreign secretary, who returned to town today, and found the note on his desk, scarcely had time to read, much less to consider it before the meeting of his colleagues.

Information must be sought at the admiralty, which department is responsible for the examination of ships' cargoes. The permanent officials of the foreign office and the law officers of the crown necessarily will be called upon for diplomatic and legal opinions on the case submitted by President Wilson.

### Discussion Is Calm

When this procedure is adopted, Walter Hines Page, the American ambassador, will be asked to confer with Sir Edward Grey and discuss the whole question, and probably Sir Cecil Spring-Rice, the British ambassador at Washington, will be instructed to take up the question with the state department in the American capital. While it is some what of a shock to the public that differences have arisen between the two governments on a subject that admittedly is a difficult one, the note generally is calmly discussed except by those who declare that Great Britain should disregard American wishes and open and follow entirely a policy which would be best calculated to assist the allies in their war on Germany and Austria. British ship owners who are almost as greatly concerned over the situation as the American shippers, today expressed the opinion that the matter would be amicably settled.

### \$1,700,000 INSURANCE BUSINESS PURCHASED

SALT LAKE CITY, Utah, Dec. 30.—Announcement is made here that the Metropolitan Life Insurance company of New York has bought the industrial department of the Beneficial Life Insurance company of Salt Lake City. The deal involves the transfer of more than 10,000 policies, amounting to \$1,700,000 in face value. The regular "old line" policies of the local company are not affected by the transaction.

## PROHIBIT EXPORT OF WAR SUPPLIES, SAYS REP. VOLLMER

WASHINGTON, Dec. 30.—How the United States could end the European war in 90 days by cutting off the export of war supplies and how some day the "issue" between this country and Japan must be "tried out in the Pacific" were discussed today by Representative Vollmer of Iowa, to the house foreign relations committee. With Representative Bartholdt, he introduced a joint resolution to empower the president to prohibit exports of war supplies. "There is only one nation whose lines of national interest are hopelessly opposed to ours. I do not hesitate to predict that Japan proposes to hold, not only Kiao Chow, but the islands of the Pacific which she has seized. Some day this issue must be tried out in the Pacific and it may be to the interest of this country to have a powerful friend at her side."

Representative Vollmer emphatically declared: "Germany cannot be beaten in this way. Her people are united and determined to fight to the last drop of blood. If this war continues it will go on and on until the world is dragged down to bankruptcy.

"Do you think the German government expects us solemnly to pass such a resolution as this?" asked Chairman Flood.

"I believe and persons who have been in Germany say," replied Vollmer, "that the Germans look with grave displeasure on shipments of arms to the allies."

Representative Bartholdt told the committee that by "dollar neutrality" the United States was alienating the friendship of Germany and Austria. "The alliance of Great Britain with Japan is not a good omen for our future in the Pacific. We are now selling our neutrality for British gold," he said.

"Is it your contention, that while technically neutral we are really one of the allies, supplying the bullets for the others?" asked Representative Cooper.

### America Responsible

"Believe me, we are parties," replied Representative Bartholdt, "in the poisoning and killing of men, the maiming of widows and orphans and the prolongation of the war."

Representative Bartholdt declared shipments of war munitions since the war began aggregated \$100,000,000.

"I am convinced," he said in conclusion, "that by cutting off the exportation of the war supplies we can bring the war to a close very soon. And, the cutting off of just one month of war would mean more to us than all the profits that the manufacturers of the war supplies could make."

American embassies from 174 down to the Mexican arms embargo of 1912 were cited by Vollmer in a local argument to support the constitutional right of congress to act on the question of prohibiting exports of war supplies.

"President Wilson," Representative Vollmer said, "suspended the embargo of export of arms and munitions to Mexico in the interests of true neutrality as against neutrality on paper."

"I maintain that the pending resolution is in line with the historic reputation of this nation as the greatest advocate of peace. It is not in line with that reputation to supply the instruments of murder to European nations. Are we to take the position of the archbishopric among the nations? Are we to go upon our knees and pray for peace and at the same time supply the death-dealing instruments to Europe? Are we to plead with God for peace with the blood money in our pockets?"

"We are now in the position of sending dollars for Belgium and ammunition bullets for Germany."

## JOHN DIETZ SENTENCE COMMUTED TO 20 YEARS

Wisconsin Governor's Action Means Outlaw May Be Released Within Four Years

MADISON, Wis., Dec. 30.—The life term of John F. Dietz, the outlaw of Cameron, Wis., convicted in 1911 of murdering Oscar Harp, a deputy sheriff of Sawyer county, was commuted to 20 years today by Governor McGovern. Under the parole law, Dietz may now be released in four years. Petitions have been coming from every state asking for his pardon.

Dietz shot Harp when defending himself against arrest by a posse of deputies sent to his cabin on the Thorn Apple River. The day, he alleged, was the property of Mrs. Dietz by virtue of a deed to the land surrounding it. The guards did not uphold this contention. When the Mississippi River Logging company attempted to take control of the dam, Dietz took up his rifle in its defense. He was finally captured after his cabin had been added by bullets.

## Three Killed, Two Fatally Injured in Iowa Mine Disaster

KNOXVILLE, Tenn., Dec. 30.—Three men were instantly killed and four injured, two of them probably fatally, late this afternoon, by a dust explosion in a coal mine at Flagler, a mining town near here.

The explosion, which was caused by a "windy" blow, literally blew the men from the mouth of the entry, and those who escaped death were bruised and burned almost beyond recognition.

The dead: WILL CLARK, JACK COOPER, MILLARD KEARSEY. Ernest Clark and Carl Fortner are believed to be fatally hurt. Clark and Cooper have families.

## STATES RIGHTS ARGUMENT ON PROHIBITION FOOLISH

Human Rights Only Matter of Concern, Says Governor Hodges of Kansas

TOPEKA, Kan., Dec. 30.—States rights is one of the last arguments that could be offered in opposition to national prohibition, according to Governor Hodges of Kansas, who spoke before the national convention of the Intercollegiate Prohibition association here today.

"The proposition that national prohibition is contrary to letter and spirit of our government sounds like the slavery arguments years ago," he said. "Human rights and the welfare of humanity must be given preference in settling all moral questions. States rights was the only excuse offered against giving the negroes their freedom. States rights at that time was the stumbling block, but prevented the recognition of the rights of man and added years of unbridled suffering and servitude to human rights."

Governor Hodges pointed out that the only objection offered to prohibition is that it does not prohibit and that this argument is advanced by the liquor interests.

"No intelligent person defends the saloon upon moral grounds," he continued. "A saloon license is the most expensive revenue a state can collect. Formerly liquor in Kansas caused taxpayers to pay out more money for costs than all the costs paid in the conviction of thieves, highwaymen and murderers combined. Whisky is a bottled liability—a parasite on business."

## FEDERAL TROOPS IN ROUTT COUNTY ARE ORDERED TO RETURN

WASHINGTON, Dec. 30.—Troop L of the Twelfth United States Cavalry, on patrol duty in the Oak Creek district, Rout county, Colorado, since last May, was ordered today to return to its home station at Fort Meade, South Dakota. Orders for the gradual withdrawal of the other federal troops sent into Colorado to quell the mining disorders are in preparation.

The gradual withdrawal of federal troops is in accord with a plan considered at recent conferences between President Wilson, Secretary Garrison, Governor Ammons of Colorado, and Governor-elect Carlson. At that time Governor Ammons said he would replace the regulars by state troops.

The main strength of the federal troops is in the Trinidad district where Colonel Lockett has the Eleventh cavalry from Fort Oglethorpe, Georgia, as well as the second squadron of the Fifth Cavalry from Fort Leavenworth, Kansas. Troops E and H of the Twelfth Cavalry are at Canon City, while a machine gun platoon and troops F, G and I and M of the Twelfth Cavalry are at Louisville.

## INJUNCTION AGAINST ARIZ. ALIEN LABOR LAW SOUGHT

PHOENIX, Ariz., Dec. 30.—Twenty-five Mexicans, Japanese and Chinese joined today in filing a suit praying the county superior court to grant an injunction forbidding the enforcement of the alien labor law which is to go into effect January 1. They allege the law violates the constitution of the United States and rights guaranteed foreigners under various treaties. A similar suit is now pending before a tribunal of United States judges in Los Angeles.

### HEARING ON PHILIPPINE BILL ON AT WASHINGTON

WASHINGTON, Dec. 30.—Hearings on the Jones bill to extend a greater measure of self-government to the Philippines were resumed today by the senate committee on the Philippines with Dean C. Worcester, a former commissioner of the Philippine islands, as the war witness. The committee intends to hasten consideration of the bill with a view to reporting it favorably to the senate by the middle of January.

## SOME FRENCH HOSPITALS WILL CLOSE; LACK MONEY

Spanish Newspapers Strictly Neutral Kept From German Prisoners, Berlin Says

BERLIN, Dec. 30.—by wireless. Sayville.—Among the items given out today by the official press bureaus were the following:

"According to Paris correspondence to Neue Zürcher Zeitung, the Union of French Women complains of lack of money and materials in the hospitals for the care of the wounded. The union announces, through a circular, that some of the hospitals will be closed. There have been 430 hospitals with 30,000 beds under the charge of the union.

"Berlin papers publish a letter written by the French commander at Fort Riedel, declining to hand over to German war prisoners there Spanish newspapers sent from Madrid, on the ground that war news they contain is erroneous and that their attitude is hostile to France. The Spanish papers are considered here strictly neutral.

"The measures administered by the French and English governments against the import of provisions into Switzerland have been the subject of consideration by the Swiss government, which also is taking up the matter of the possible establishment of a state monopoly of the trade in corn."

## LONDON'S LOVER OF BOOKS, BERTRAM DOBELL, IS DEAD

LONDON, Dec. 30.—The death of Bertram Dobell, a downtown bookseller, commands more space in the London newspapers than the obituary of any man since Lord Roberts. He was the last of the old-time London booksellers, and occupied a unique place in literary life for 40 years.

Mr. Dobell not only sold books; he loved them—some of them so well that he practically refused to sell them. He read constantly and wrote occasionally. His services as book-seller were mainly performed for wealthy individual buyers of old books. Of more permanent importance was his work in encouraging budding genius, as he occasionally came upon it. His administration for some of the early work of James Thomson, author of "The City of Dreadful Night," led to a friendship that meant much to both men. Dobell edited much of Thomson's work for publication, and after Thomson's death collected and published all his writings. Another service which Mr. Dobell rendered to literature was the discovery and identification of the works of a forgotten Seventeenth century writer, Thomas Traherne. Mr. Dobell's own writings included two volumes of verse and one volume of prose, together with numerous contributions to the magazines and reviews.

## Asks Tariff Board Bill Report Soon

WASHINGTON, Dec. 30.—Republican Leader Mann today introduced a resolution calling upon the house ways and means committee for a speedy report on a bill to create a tariff board. A revision of the tariff to be made following the next election, Mr. Mann declared, "and information for such revision ought properly to be obtained in advance."

### HOUSE VOTES ON SUFFRAGE AMENDMENT ON JANUARY 12

WASHINGTON, Dec. 30.—Women suffragists who called on Representative Henry, chairman of the house rules committee, today learned that the proposed suffrage constitutional amendment probably would be voted on in the house January 12. Mr. Henry said he expected to see the amendment defeated by more than a two-thirds vote. The Connecticut Association opposed to Woman Suffrage today said in a protest against the amendment.

## The Chief Interest in a Clearance Sale Lies in the Values--That is, Quality and Price

Don't measure a clearance sale merely by a price basis--that's an unfair way to treat your purse--price is only important as it is related to quality.

There's a "proper relation" between quality and price in this sale--the clothes guarantees the quality--the sale guarantees the lowness of the price--the combination guarantees value.

# HALF MILLION SPENT BY CANDIDATES FOR SENATE IN NOVEMBER

Cost Democrats \$3,074.63 Per  
Capita and Republicans  
\$2,852.44

WASHINGTON, Dec. 30.—Nearly half a million dollars was spent by candidates of all parties last November in the first popular election of United States senators in the history of the government. To be exact, \$466,777.26 represents the total of sworn statements of campaign expenditures filed with the secretary of the senate by the men who sought senatorial honors from 31 states.

Of this grand total there was contributed from various sources to the candidates \$188,847.99. In accordance with these figures, therefore, the candidates themselves turned into circulation for the privilege of running, for office \$277,929.27.

Senators who looked over the figures today manifested great interest and it was remarked that should all the senators be elected at one time, the cost to the candidates based upon the ratio established, would be three times as great, or approximately \$1,354,900.

Democrats led in the expenditure with \$242,395.90. Republican candidates spent \$158,384.35; Progressives \$55,158.94; Prohibitionists \$4,443.23; Socialists \$354.74 and Independents \$1,404.06. The average per capita expenditure was: Democrats, \$2,074.63; Republicans, \$2,852.44.

The largest expenditures occurred in the state of Georgia, where two senators were elected, the amount spent by all candidates there totaling \$41,492.63. North Carolina candidates, where Senator Overman was reelected, brought up the rear with a total expenditure of \$702.65. William Penley, defeated Progressive of Oregon, who reported that he disbursed \$10,326.84 and had contributed to his campaign \$10,453.93 was the only candidate to exceed the \$10,000 limit fixed by law.

Several candidates reported they spent no money whatever, but the lowest expenditure on record was eight cents, reported by E. L. Hitchens, Socialist candidate in Ohio.

Colorado state expenditure was \$12,785.53.

To obtain all the sworn statements of candidates required more than a month of constant effort on the part of senate officials.

# 'Two More Arrested in Terre Haute

INDIANAPOLIS, Dec. 30.—United States deputy marshals made two additional arrests at Terre Haute, tonight, of individuals indicted by the federal grand jury charging conspiracy to commit the election of November 2, 1914. Joseph Strout, a traveling salesman, and Claude Patton, employed by the city's cemetery superintendent, were the latest to be taken into custody. One hundred and nine residents of Terre Haute have been placed under arrest on account of the recent federal grand jury indictments.

# Wilson Will Speak in Indianapolis

WASHINGTON, Dec. 30.—President Wilson today practically decided to go to Indianapolis to speak at a Jackson day celebration to be held there January 8 under the auspices of the Indiana Democratic club. He promised to inform Senator Kern tomorrow morning definitely whether he would make the trip.

Invitations are being received at the White House daily for the president to speak at different offices of his term from the San Francisco exposition next spring and it was indicated today that this trip will be a long one in case he necessity is found for an extra session of congress.

# THE YELLOW PERIL Japanese Warnings

The Japanese early sought for the truth, and their earliest knowledge was the principle that their strength depended on a healthy stomach. They cut very little and practice "Jin-Jin"—muscular exercise, from youth up. The stomach is the center of the body from which radiates our vitality. Stronously, our fighting strength. A healthy stomach turns the food we eat into nourishment for the blood stream and the nerves. Dr. Pierce's Golden Medical Discovery refreshes and tones up the stomach walls. Removes the poisonous gases from the system.

The first day you start to take this reliable medicine, impure germs and accumulations begin to separate in the blood and are then expelled through the liver, bowels and kidneys.

In place of the impurities, the arteries and veins gradually get fresh vitalized food and the action of this blood in the skin means that pimples, boils, carbuncles, eczema, rash, acne and all skin blemishes will disappear. Then you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache and constipation.

Get Dr. Pierce's Golden Medical Discovery today at any medicine dealer; it is a powerful blood purifier, so penetrating that it even gets at the impure deposits in the joints and carries them out of the system.

It is not a secret remedy for its ingredients are printed on wrapper. For free advice or free booklet on blood, write Dr. V. M. Pierce, Buffalo, N. Y.

# AMERICANS WARNED THAT THEY GO INTO MEXICO AT OWN RISK

Government Won't Continue  
to Lend Aid in Leaving,  
Says State Dept.

WASHINGTON, Dec. 30.—A warning that Americans who go into Mexico do so at their own risk, was issued today by the state department. It followed receipt of consular dispatches from Tampico, saying that Americans returning from the oil fields of Texas and Oklahoma were finding difficulty in getting work, and that there were more destitute citizens of the United States at the Mexican port today than at any time since the revolutionary troubles began.

"In view of the political conditions prevailing in Mexico," said the department's statement, "Americans who go to Mexico do so at their own risk, and the department does not advise Americans to return to Mexico, even when they have secured employment there."

"It would appear that many Americans are under the impression that, because this government gave them financial aid in leaving Mexico on account of the conditions prevailing there, it would do so again should they return to that country. The department cannot too strongly emphasize the fact that no provision has been made for continuing to transport Americans from Mexico at the expense of the United States government."

# Bandits Burn Train

Dispatches to the state department today told of the holding up of a passenger train yesterday 30 miles northwest of Vera Cruz, by bandits, who shot two Carranza officers and 18 men. The train was burned.

Consul Edwards, at Juarez, informed the department that Juan Jose Musquiz, recently executed in Mexico near the border, was not an American citizen, as first reported.

From Tampico came a report that the railroad between that port and Monterey had been cut at a point near Victoria.

Eliz. Arrendondo, Carranza agent here, tonight made public a message from General Carranza announcing that General Arieta had taken Tehuacan and advanced as far as San Diego Pajanguero, state of Durango; that the forces of General Turbe had retaken Lopez, Lower California, and that General Diezguerra reported he soon would occupy Guadalupe.

General Carranza also gave notice that any convention chiefs desiring to join him would be accepted only upon "conditional submission" to his authority.

# Carranza Forces Defeated

LAREDO, Tex., Dec. 30.—Generals Garcia and Valdez, Villa commanders, defeated Carranza troops in an all-day battle at Laredo, Texas, north of Saltillo, on December 28, and it is rumored Villa has taken Saltillo. This news was brought by refugees reaching here tonight from Monterrey.

The number of troops engaged is not known here, but information was that four cars bearing wounded had reached Monterrey.

Carranza garrisons at several towns between here and Monterrey are said to have been sent there to take the place of the Carranza garrison, said to have been rushed forward to meet the Villa troops.

Among prominent refugees reaching here from Monterrey tonight with tales of hardship and suffering was the widow of the late General Trevino, famous general under Diaz.

# CANADIAN TROOPERS NOT HELD FOR KILLING HUNTER

BUFFALO, N. Y., Dec. 30.—A coroner's jury at Fort Erie, Ont., empaneled to investigate the death of Walter Smith, the Buffalo man shot by Canadian soldiers last Monday, returned its verdict this evening after hearing the testimony of the soldiers. Thomas Delaney, a provincial police officer, and several eye witnesses, the verdict was:

"We find that the deceased, Walter Smith, met his death Monday forenoon, December 28, while evading arrest for unlawful shooting ducks out of season in Canadian waters, by a volley delivered accidentally from the rifles of three militiamen who were called upon by Provincial Officer Thomas Delaney to assist him."

Officer Delaney, who occupied the stand for more than an hour, took the responsibility for the whole affair on his own shoulders. He called upon the soldiers to help make the arrests. He said under the law they permit an officer of the law to call upon any citizen to help in an emergency and ordered the firing.

# Torres Beats Pierson in 10 Fast Rounds

ALBUQUERQUE, N. M., Dec. 30.—Jack Torres of Albuquerque won the decision over Charles Pierson of Kansas City in the contest of 10 fast rounds here tonight. Pierson took terrific blows and crosses on the jaw without wincing in attempts to get into close quarters to shoot over his knockout punch, but Torres used his reach to advantage and succeeded in keeping the Kansas City man away most of the time.

# MANN FAVORS DIVORCE OF TARIFF AND POLITICS

NEW YORK, Dec. 30.—Norman E. Mack, former chairman of the Democratic national committee and now member for this state, commenting on the plan of Representative Mann of Illinois, minority leader of the house of representatives, for a congressional tariff commission, said he believed the Democrats should go even farther and name a tariff commission with power to take the tariff out of politics entirely.

# Belgian King Helps Bride See Husband

GENEVA, Dec. 30.—The Lausanne Gazette tells the story of how a young Belgian woman, recently married to a French artillery officer, won her way to her husband's side in the front line. She first tried to obtain a pass of the French authorities. Failing in this she traveled in a peasant's country dress, but several days to the Belgian headquarters. She met with a polite reception and a polite refusal.

A tall officer looked up from a map he was studying and intervened. "Madame," he said, "French women could not have undertaken such a voyage for nothing." He took up the telephone, and after conversing a moment over the wire said: "Your husband will be here soon." He ordered that inquiries be made for the young woman, who thanked the "staff" kind officer, and warmly shook both his hands.

The young wife, not unreasonably puzzled at his remark, from the trenches, was astonished to find himself in the embrace of his young wife. Both were further surprised to learn that it was the King of the Belgians who had arranged the meeting.

# POLICE ARREST MAN ON CHARGE OF BAD CHECKS

Alleged to have passed two worthless checks for \$2 each, Harry L. Tepley was arrested by the police yesterday and will be charged with obtaining money by false pretenses. The checks were signed "John Bishop" and were drawn on the El Paso National Bank. They were cashed at the Denver Wool-House and garment clothing stores.

# American Farms Set Mark in 1914 for Value of Products

WASHINGTON, Dec. 30.—American farms during 1914 set a new record for combined value of their products, with a total of almost ten billion dollars. Seen from the point of view of the department of agriculture announced today that the value of all farm crops, farm animals and live farm animals, and sold and slaughtered, aggregated \$9,872,592,000. This was \$82,000,000 more than the grand total for 1913, the previous record year, and more than double the value of all farm products in 1899.

Crops this year were valued at \$6,444,450,000 and the estimated total value of the farm products sold and slaughtered was \$3,428,142,000. The value of crop production this year was slightly less than in 1913 on account of the reduced value of the cotton crop brought about mainly by the Kansas drought.

# HELP THE KIDNEYS

Colorado Springs Readers Are Learning the Way

It's the little kidney pills—the little backache pills—that are helping thousands of people to get their kidneys right and their health back.

When the kidneys are weak, the blood is impure, the system is out of order, and the body is full of poisons. The kidneys are the filters of the body, and when they are weak, the body is full of poisons.

A remedy, especially for weak kidneys, is Dr. Pierce's Kidney and Bladder Pills. These pills are made of pure, natural ingredients, and they are the best remedy for weak kidneys.

# IF BACK HURTS BEGIN ON SALTS

FLUSH YOUR KIDNEYS OCCASIONALLY IF YOU EAT MEAT REGULARLY

No man or woman who eats meat regularly can make a mistake by flushing the kidneys. It is a warning, says a well-known authority, that the kidneys are the filters of the body, and when they are weak, the body is full of poisons.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of stinging, get about four ounces of Epsom Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for three days and your kidneys will then get fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in the urine so it no longer causes irritation, thus ending bladder disorders.

Epsom Salts is inexpensive and cannot injure, makes a delightful effervescent, lithia water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications. Adv.

# ROCKEFELLER CHURCH URGED TO DROP UNION

NEW YORK, Dec. 30.—The Calvary and Fifth Avenue Baptist churches, after a nine months' trial union, will separate, separately in the future if the recommendation made yesterday in the report of the special committee is carried out by a vote of the congregations. The Calvary church has been without a pastor since the Rev. Robert S. MacArthur retired about four years ago.

The Fifth Avenue church, which John D. Rockefeller and his son, John D. Rockefeller, Jr., attend, has been closed since the two congregations began worshipping at the Calvary church nine months ago.

The Rev. Charles F. Aked of San Francisco was pastor of the Fifth Avenue church for two years.

## AMERICAN WEDDINGS IN LONDON ARE VERY RARE

Church of England Discourages  
Issuance of Special License Without  
Good Cause

LONDON, Dec. 30.—American weddings in London are now very rare and the usual number of wedding among Americans traveling in England will be lacking. There are few Americans in England now outside of the regular colony and consequently the Church of England has shown a disposition to discourage the issuance of licenses to non-residents who desire to waive the formality of church regulations and have a license granted without the reading of banns and other preliminaries which consume at least two weeks. At one time Americans were much

given to seeking these special licenses and arranging weddings in great haste. The Bishop of Canterbury grants such licenses to Englishmen only when there are urgent reasons, such as illness or unexpected military or naval orders which would make it impossible to comply with the church's regular requirements. In the case of Americans or other foreigners desiring to marry in England the same consideration will be shown in an extreme emergency that is shown to Englishmen, but the church has made very clear its unwillingness to issue special licenses simply because the parties to the marriage do not want to comply with the regular requirements. Within the last 12 months only one special license has been granted to Americans. Every house and building in Spokane, Wash., is inspected by the city firemen who keep a card index record of the condition of each and devote their attention to improving the standards of fire prevention.

## ENGLISH STEAMER SINKS AT DOCK WITH CARGO

NEW YORK, Dec. 30.—A cablegram announcing the sinking near London of the Royal Mail steamship Trent, was posted at the Maritime exchange here. It was said that the Trent went down at her dock with her inward cargo aboard. The Trent reached London from New York December 23 and it is believed here she docked at Tilbury, about 15 miles from London.

## PLANS MADE TO ENTERTAIN 10,000 CLUB MEMBERS

NEW YORK, Dec. 30.—Preliminary plans for the entertainment of 10,000 women for two weeks, commencing May 16 next, when the General Federation of Women's Clubs opens its convention in this city, were begun yesterday when headquarters were opened in an uptown hotel. The convention will be attended by 6,000 delegates and alternates. Four thousand other club women will swell the attendance.

## M'MANIGAL GIVEN \$1,000 TO LEAVE UNITED STATES

District Attorney Fredericks Took Money From Bribe Fund of \$5,000  
LOS ANGELES, Dec. 30.—When Otto McManigal, self-confessed dynamiter, was released from the county jail here in November, 1913, he was given \$1,000 by John D. Fredericks, district attorney, with which to leave the country. This information has just been made public. McManigal's testimony was responsible largely for the conviction of the McNamara brothers on a charge of murder in connection with the dynamiting of the Los Angeles Times building. Fredericks, in a statement yesterday, said the money given McManigal

had been paid out of the Franklin bridge fund of \$5,000, alleged to have been gathered by Bert Franklin, a detective, for the purpose of bribing jurors during the trial. This money was seized by the district attorney and in his statement he declared he was personally and not officially responsible for it. Fredericks' statement also mentioned an account of the expenditure of \$2,638.48 of the bridge fund for secret service work. The board of supervisors has been asked to reimburse the bridge fund in that sum and then determine by court proceedings what use the entire amount should be put. McManigal, since his release, has at various times been reported seen in South America, the Orient and in Europe.

SOCIALISTS MAY PROVIDE FOR STRIKING MINERS  
WHEELING, W. Va., Dec. 30.—Socialist leaders here today declared that if the striking miners in the eastern Ohio coal fields were rejected from the company houses they now occupy, Socialists would take care of all children under 12 years old, who may be affected. Five thousand children, it was stated in Socialist headquarters, would be distributed among families in the cities of Wheeling, Steubenville and Parkersburg and if homes for a greater number are needed, an appeal would be made to the national Socialist organization.

## GOVERNMENT TO TRY TO BUILD FIRST DESTROYER

VALLEJO, Cal., Dec. 30.—Telegraphic authority was received at Mare Island navy yards from Washington today to proceed with the construction of the first torpedo boat destroyer for the United States navy ever awarded to a government yard for construction.

## ONE SPOONFUL ENOUGH, SAYS DRUGGIST

The Colorado Springs Drug Co. states that the simple mixture of backthorn bark, ginger, etc., known as Adler's is causing great surprise because just ONE SPOONFUL relieves constipation, sour or fatty stomach ailments. It is so thorough, however, that it is used successfully in appendicitis. Adler's is a tonic on both lower and upper bowel and the INSTANT effect is astonishing. It never upsets and is perfectly safe to use.

## ANOTHER AMATEUR ATHLETE TUMBLES TOPROFESSIONALISM

Platt Adams, Olympic Star, Pawned Medals and Prizes, Says Affidavit

NEW YORK, Dec. 30.—The New York Evening Mail publishes today two affidavits which charge that Platt Adams, champion amateur athlete and all-round jumper, has pawned and received money for some of his prizes won at amateur meets. Under the rules of the Amateur Athletic Union, if true, would change Adams' status to that of a professional.

The charge against Adams would make his case somewhat similar to that of James Thorpe, who after he had been proved to be a professional, was forced to return his Olympic prizes.

In its story the Evening Mail publishes Adams' affidavit, in which he swears that on January 9, 1914, Adams sold him (Glynn) one of his prizes, a gold ring with a small diamond in it. For this Glynn says he paid \$5. During the fall of 1912 and up to March, 1914, Glynn further swears, he accompanied Adams to a downtown jeweler where in his presence the jeweler "would accept Adams' prizes, which understood were to be credited to Adams' account."

Peter Lawrence Schuch, in the second affidavit, asserts that he bought a ring from Adams which Adams said was a first prize. Schuch further states that Adams had in his (Schuch's) place or business in various times numbers of medals and cups which he said he was going to take to a certain jeweler.

A third affidavit by Max Thomson, an employee in the office where Adams is employed, is to the effect that Adams told the signer that he had a case full of prizes which he wanted to sell and related some instances where he had disposed of prizes to advantage.

At the headquarters of the Amateur Athletic Union it was said nothing was known as to the charges except what was written today.

In 1912 Adams and his brother, Red, were members of the American team which was sent to Sweden to compete in the Olympic games. Last year's records show that Adams won the record for the steeplechase in a time of three feet 4.18 inches.

## THE INNOCENT BYSTANDER

Conference coaches and managers to a scheduling tomorrow in Denver and advance notice, held to a session more exciting than promised for several years. Last year, it will be remembered, the Tigers and the State university failed to get together on dates, the matter not being patched up until late in the spring. After all it was only a compromise. The Tigers wanted a November date and Boulder wanted to meet C. C. earlier in the season. October 21 was agreed upon as a date after considerable argumentation.

Next year, by the national time of events, the Tigers play at Boulder, the Miners and the University are due for Denver, unless a howler, the year playing arrangement for Union Park and a certain of alternate dates, playing the fact should be agreeable to the Tiger management. However, should there be any danger of conflicting dates in Denver, it is up to the Tiger management to bring the game here. Last season it was proved that games here in Colorado Springs are money-makers. The finances of the season show a profit.

On the other hand the C. C. management should do everything in its power to bring as many games here as suits the financial policy of athletics at the institution. The Tiger fans want the games and they are entitled to some consideration.

In making out the basketball schedules the Tigers will be included. This is being done to care for the local players should the favorable back down from their ruling which keeps the Tigers out of intercollegiate basketball. The question will be decided finally next week.

Several open dates will be left in the Tiger schedule for the purpose of leading outside teams, which would be big drawing cards on the local schedule.

## MORE SPORT UPSETS DURING 1914 THAN IN ANY OTHER YEAR

Surprises Galore for Fans in Any Branch; Many International Titles Lost

### BY HARVEY T. WOODRUFF

From the viewpoint of competition, the year 1914 will go down in sporting history as one of the blindest, if not the most, in a century where sport and sporting events are taking a sinister and sinister place each year in the interest of its people. From the viewpoint of results, 1914 will be known as the year of upsets.

Let us look first at those results which went contrary to the generally accepted forecasts. Primarily, the most included the international contests in which our country's athletes were victorious. The almost unanimous prediction of the British press was that the British would win the Olympic games which have been the sport of the world since the beginning of the century. ## FEDS AFTER PECKINPAUGH

ROGER PECKINPAUGH

Manager Joe Tinker of the Chicago Cubs has made a call attempt to sign up Roger Peckinpaugh, captain and star of the New York Yankees. The money asked to buy Peckinpaugh to the Cubs was prohibitive, said Tinker.

Peckinpaugh, who has been a star performer for the Yankees, is being courted by several other teams. Tinker is determined to get Peckinpaugh, but the price is too high.

Peckinpaugh is a powerful hitter and a good fielder. He has been a key player for the Yankees throughout the season.

Peckinpaugh is expected to be a valuable asset to any team that signs him. He has a proven track record of success.

## WILL INCLUDE C.C. IN SCHEDULE FOR BASKETBALL TRIPS

Miners May Come to Terms for Denver Dates; Schedule Meeting Important

### BY HARVEY T. WOODRUFF

DENVER, Dec. 30.—That a compromise may be effected which will give the Miners football eleven more dates in Denver next year without endangering the "triple entente" was the word passed out yesterday afternoon by those in a position to know where the truth lies.

Under the present arrangement the Miners would play but three times in this city—October 9 and 30, and Thanksgiving day. Three dates in the big town are not sufficient for a championship eleven, according to Miners authorities, since the rebellion.

The compromise agreement as outlined yesterday would give the Golden State a fourth game by playing Denver on either November 15 or 22, whichever dates are offered to the Miners. Colorado's October 16 and November 16, in addition to the Thanksgiving day date. It is understood that the state will want both of these games, and will open the way for another contest after Miners, while Denver will probably be willing to join in with the state in interchanging.

Talk Matter Over Friday. The matter will be taken up when the coaches and managers meet Friday night, and it appears probable that an understanding can be reached on the basis suggested.

Aside from the football schedule, always the most important, the Miners will have to make arrangements for the winter season, together with a date for the winter season, together with a date for the winter season.

Professor Macdonald, Miners' manager, has been up and down the state, but as the attitude of Colorado is not yet clearly defined, it is possible that two tentative schedules, one including the "triple entente" and the other leaving that out, will have to be drawn up for consideration by a committee at a later date.

It is not improbable, also, that some action will be taken by the conference which will leave away with the rough playing which marked the football season of 1914.

Peckinpaugh, who has been a star performer for the Yankees, is being courted by several other teams. Tinker is determined to get Peckinpaugh, but the price is too high.
